- 6 Editor's Corner**
By Marc S. Cheves, LS
- 10 Point to Point: The Myth of Inappropriate Opinions**
Everybody's entitled to *our* opinion.
By Joel Leininger, LS
- 22 ProFile: A Visit with S.J. Martenet in Baltimore**
By Marc S. Cheves, LS
- 41 Surveyin' Da Situation: Handing Down Traditions**
Though passed along without written instructions, the best traditions are engraved on the heart.
By John D. Matonich, LS

A batch of markers created by Berntsen International for the Smithsonian Institution.

Photo: Angus Stocking

On the Cover:

- 42 Berntsen: A Marked Difference**
It's no secret why the world's largest producer of durable boundary markers works like a well-oiled machine.
By Angus W. Stocking, LS

- 58 Business Growth Series: Promote Your Business (Without Breaking the Bank)**
Good management is not necessarily synonymous with good leadership. What kind of a leader are you?
By Michael W. Michelsen, Jr.
- 64 Software Review: SiteComp Survey**
By Joe Bell, LS
- 70 Washington View: Will Decreasing USF Disbursements Harm Small Rural Businesses?**
Insight as to how a ruling on Universal Service Fund allocations could affect surveyors.
By Laurence Socci
- 71 Geodetic Connections: Geodetic Leveling**
Horizontal positioning is not all that has changed over the last thirty years.
By Dan Martin
- 75 GIS Matters: Data Modeling of Survey Data in GIS**
The concept of a data model should not be confused with the data format.
By Rj Zimmer, LS
- 79 Vantage Point: The Big Picture**
As developer advocates, sometimes we must look beyond the wishes of our clients.
By Wendy Lathrop, LS
- 81 BookMarks: William Henry Holmes and the Rediscovery of the American West, by Kevin J. Fernlund**
His eye-witness reports and detailed images fueled America's fascination with the unmapped frontier.
By Pat Toscano, LS

- 84 Feedback**
- 86 Advertisers' Directory**
- 88 Test Yourself: Trigonometric Leveling**
By Dr. Richard L. Elgin, LS, PE
